Intending bidders must satisfy themselves by inspection or otherwise as to the nature of the lot or lots offered for sale and must accept same with all faults, patent or latent (if any). Furthermore, no warranty shall be implied from any affirmation made at the auction or otherwise but in all cases where an express warranty is intended, the same shall only be enforceable of reduced to writing and signed by the Vendor or by the Auctioneer as agent for the Vendor.

10 Each lot shall lie at the purchaser's risk from the fall of the hammer and neither the auctioneer nor the Vendor shall be accountable for any deficiency, damage or loss which may arise thereafter. The property/title in such lot shall not pass until payment in the approved manner as advertised at the auction in full of the purchase price and, where applicable, GST, buyers' premium, license fee or government charges.

11 No lot shall be removed during the sale without the consent of the auctioneer. Delivery is to be taken and the lot removed by the Purchaser within the period of time specified by the Auctioneer at the time of sale and, in this respect, time is of the essence.

12 **Purchased lots may be removed from the premises from Wednesday 11th of November until Friday 20th of November between the hours of 9am to 5pm excluding weekends.**

13 **Any removal shall be at the expense and risk of the Purchaser but, in such removal, the Purchaser shall do no damage, or shall forthwith make good any damage, which may be occasioned. Any lot not removed within the prescribed collection period shall be deemed abandoned and forfeited by the Purchaser, and all rights, title and interest of the Purchaser in the lot shall immediately cease and revert to the Vendor and/or Auctioneer without compensation, refund or further notice to the Purchaser. The Vendor and/or Auctioneer may thereafter deal with, dispose of, resell or otherwise remove the lot at their absolute discretion.**

14 In addition to the purchase price, the Purchaser shall pay to the Auctioneer a fee calculated at the rate of up to **thirteen and a half per cent (13.5%)** of the full purchase price excluding GST State or Federal taxes that may be applicable.

15 If the Purchaser shall default in the observance or performance of his obligation under these conditions or any one or more of the then any moneys which the Purchaser shall have paid to the Auctioneer shall be absolutely forfeited and, without notice to the Purchaser, such lot or lots may be re-sold either by public auction or private contract and upon such terms and conditions as either the Auctioneer or the Vendor shall deem fit at the risk and expense of the Purchaser who shall be liable for any deficiency together with all expenses of removal, commission, warehousing and other charges arising out of such default and the Auctioneer or the Vendor shall be entitled to recover same as and for liquidated damages. Without limiting the generality of the foregoing, the Auctioneer shall be entitled to recover from the purchaser -

a) the amount of any commission upon the purchase which the Purchaser did not complete, the commission being determined by the agreement between the parties;
b) such sum for expenses and charges incurred by the Auctioneer in connection with or incidental to the auction and in respect of any such re-sale; and
c) where applicable, any GST, value added tax or any other tax relating to or arising from the sale of the property or any part thereof of the Vendor.

16 Furthermore, the purchaser shall take or cause to be taken all reasonable and proper steps as far as is reasonably practicable to ensure that, the lot or lots purchased shall be safe and without risks to health when properly used.

17 In these Conditions the word “Auctioneer” means Hymans Asset Management Pty Limited or any member of the Hymans Group (as determined by the originating office) except that where the context so permits it shall include the persons conducting the auction on behalf of Hymans Asset Management Pty Limited.

18 In these Terms and Conditions, the word “Purchaser” refers to the registered bidder.

The licence must be presented prior to the commencement of works. Disconnection must be completed carefully and left in a safe and neat manner.

All removal work will be inspected to ensure it complies with the above. If we are not satisfied with the removal work, we reserve the right to request further work be carried out or undertake rectification work ourselves which will be charged to the Purchaser.

Special Note:

No lifting or handling equipment is supplied by the Vendor/Auctioneer.

We recommend organising your own lifting and handling equipment which can be organised in conjunction with other buyers. If you are a purchaser of the major equipment the Auctioneer will put you in touch with other buyers to make your arrangements for crane/forklift hire. If you are the purchaser of palletised stock or other assets that can be lifted by a conventional forklift, we will also provide details of other buyers that you may want to coordinate your collection with. Again, please note that only licensed persons will be allowed to drive forklifts. The licence will be inspected prior to access by the auctioneer.

There are overhead cranes on the property which will be available during the delivery period. Any purchaser wishing to use the overhead cranes must be licensed and present the license to the Auctioneer prior to using the cranes.

We note that some of the glass stock will require specialised lifting equipment and this will need to be supplied by the purchaser. However, any lifting frames on site may be utilised by suitably qualified purchasers. Hymans will request to see crane operators licences prior to starting work.

Special Note:

All vehicles will be sold WITHOUT registration. Plates will be REMOVED prior to collection.

Payment will only be accepted from, and delivery given to the Purchaser, of the lots at the auction sale. Any transfer of lots between buyers can only occur after the lots have been removed from the site by the Purchaser at the auction sale.

First Right of Refusal

During the sale, we may offer the highest bidder the "first right of refusal" over similar lots. For example, if there are ten identical units, the highest bidder on the first unit may choose to take one or all ten at the initial hammer price. Live simulcast bidders – watch the chat box to find out more. If the highest bidder chooses to take multiple lots, they will be sold to the highest bidder and will not be offered individually.

Mixed Lots:

Any buyer who purchases a mixed lot, a scrap lot, an "allowance for items," or "contents," is responsible for the removal of all items within the scope of that lot. Any remaining items left onsite will be disposed of at the expense of the buyer.
